

FLY Housing Statement

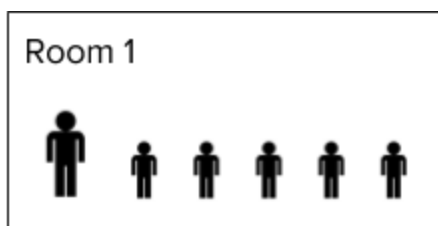

As FLY exists to serve the local congregation, we prioritize placing students together with other members of their congregation according to the housing requests submitted, as accommodations allow.

In an effort to best serve and protect all FLY attendees, the FLY Committee has adopted a four to one student to Dorm Room Leader ratio in all student housing.

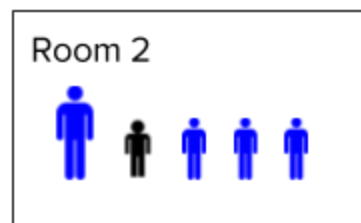

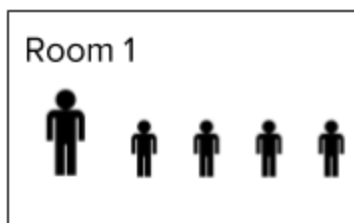

Congregations with a number of students that is not easily divided into the four to one ratio (i.e. a congregation with 5 students and one Dorm Room Leader) have the option to submit a housing request that allows one or two students from the congregation to room with another congregation.
